## RELEVANT WORK EXPERIENCE

### Full-stack developer

HSO, LLC - Oz Medical DBA

Oct, 2019 - Mar, 2022

Pleasanton, CA. USA

Built a scalable online sales management system aiding the product listing, sales, marketing, shipments and competitor tracking using PHP, later using NodeJS + TypeScript. This project resulted in overhaul of the workflow of the company and lead to massive time savings and more efficient personnel use.

### General Manager

Altas USA, LLC

Aug, 2018 - Oct, 2018

Stockton, CA. USA

Created the business plan for a new branch of the company located in California. Established the business on paper and on premise including the boot-up of the hardware used for seed pressing. Found suppliers for the new business in California, Oregon and Washington State. Handled product development and enhancement surveys in California.

### Full-stack developer

Altas Oil Industry

Jun, 2016 - Aug, 2018

Ordu, Turkey

Built company's online sales website using PHP, JS. Maintained dev and production while it went through multiple advertising and growth cycles.

### Project Manager

Altas Oil Industry

Jan, 2017 - Aug, 2018

Ordu, Turkey

Managed the construction, assembly and boot up of Turkey's first and world's sixth non-chemical process vegetable oil refinery: a 6 million dollar investment involving civic, chemical, electrical, mechanical, automation, IT, construction work with 10+ contractors and 100+ personnel.

### Foreign Trade Expert

Altas Oil Industry

Jun, 2016 - Jan, 2017

Ordu, Turkey

Managed food grade and heavy machinery trade with 10+ countries at 6000+ tones monthly volume, with deals many being valued at six-figures.

As a side project during this time, took Instagram followers from 50 to ~20k.

### Developer, Current Accounts Manager

Index Group

Sep, 2011 - Sep, 2014

Istanbul, Turkey

Wrote productivity modules using VBA, Autolt, which reduced daily workload by 60%. While primarily working as the current accounts' manager.
